

## LAUNCH YOUR PROGRAM IN DAY

- **Online Forms and Application with Integration:** Leverage web forms and data integration to collect and evaluate data for online applications, compliance data submissions, and surveys.
- **Self-Service Registration & Role-Based Access:** Make user sign-up and registration processes easy and secure. Enable data submission by external users with multiple internal staff roles for approval.
- **Program Content Publishing:** BriteProgram enables secure access for publishing program information for public or private access by registered users. Improve your program through videos, forms, and email alerts.

## AUTOMATE AND SIMPLIFY OPERATIONS

- **Workflow Management & Task Notifications:** Achieve timely review and decisions with greater accountability throughout the process. Audit trails, alerts and task lists ensure that no one drops the ball.
- **Metrics & Reports:** Discover bottlenecks and meet compliance requirements without extra effort while gaining visibility into the performance across all phases of your program's operations from start to finish.

## NURTURE PROGRAM SUCCESS

- **Recurring Activities Tracking:** Give program managers a powerful tool for ensuring that recurring compliance tasks are completed on time through reminders and easy web interactions.
- **Continuous Training & Engagement:** Publish training resources, events, and compliance forms to ensure the ongoing success of program members. Access engagement metrics with just a few clicks.

## GAIN FREEDOM AND CONFIDENCE

- **Secure Data Collection and Storage:** BriteProgram protects your program data and meets federal IT compliance standards for secure storage, transport, and accessibility of program data.
- **Flexible Solution Deployment Options:** BriteProgram deploys on-premises within your data center, on cloud infrastructure from companies like Amazon, or hybrid combinations.
- **IT Services and Helpdesk Support:** Gain peace of mind through a wide range of services including hosting, monitoring, and helpdesk services including live phone interviews.
